

Executive Summary

2024

CASIC

Seguro y Cuidado, para el bienestar
de la América Latina

OUR OUTSTANDING ACHIEVEMENTS IN 2024

01

XXXIII Plenary Meeting in Chile celebrating CASIC's 25th Anniversary. Face-to-face meeting in Santiago de Chile with more than one hundred participants, promoting strategic dialogue between chambers and affiliated companies. With the participation of key authorities in health, sustainability, and trade, such as SUBREI, SERNAC, ISP, CNC, MINSAL and DIPOL. CASIC marked its 25th anniversary of contributions to the development of the industry in LATAM.

02

Sector Training: Five online seminars with more than four hundred participants, and a **Virtual Week**, with five conferences and panels that reached more than 440 participants. These activities promoted the alignment of best practices on trending topics, consolidating CASIC as a strategic ally in regulatory convergence.

03

Three New Industry Positionings. Definition of key guidelines with the positioning of Single-Use Plastics (SUPs), synthetic polymer microparticles, and crisis management, aligned with international best practices and adapted to the Latin American context.

04

Positioning in 20 Public Consultations in the Countries of the Region. CASIC responded to Public Consultations in Argentina, Brazil, Chile, Colombia, the Andean Community, Costa Rica, Jamaica, Paraguay, Peru, and Uruguay on proposals for regulatory updates, seeking to support the positioning of the industry at the local and regional levels.

05

Business Pact of our Industries on the Amazon Region: Signing of the Business Cooperation Pact between Cosmetic, Personal Hygiene and Home Care Chambers of the countries with access to the Amazon Region at the United Nations Biodiversity Conference (COP16). This agreement reinforces our commitment to sustainability, the promotion of Amazonian biological material and regional collaboration.

06

1 CASIC Virtual Workshop on MoCRA: In collaboration with PCPC and Registrar Corp, we analyzed the new U.S. regulatory requirements in the modernization of the Cosmetics Regulation in the United States, preparing our industry for compliance.

07

ICCS – CASIC Session at the V Latin American Congress on Alternative Methods to the

Use of Animals in Experimentation held in Bogotá, Colombia. CASIC, with the support of the International Collaboration on Cosmetics Safety – ICCS held a training and socialization session on the efforts for the elimination of animal testing in the cosmetics industry from the perspective of academia, industry, and authorities.

08

Strengthening of the Subregional and Regional Agenda and Positioning as a Benchmark for the Sector:

Participation and support in negotiations between authorities of the Andean

Community, Central America, Pacific Alliance, and Mercosur, promoting trade facilitation; as well as participation as guest speaker at multiple events of the industry and authorities of the region.

09

as ACI, AISE, ALADI, IDB, COSMETICS EUROPE, IAC, ICCS, INCPA, OAS and PCPC, strengthening regional representation and promoting collaboration on key industry issues. **Active Participation in International Forums.**

10

Updating of Documents and Databases: We updated the CASIC sanitary regulation mappings, the positioning book, and the Business Intelligence Dashboard. In sustainability, we mapped regulations, bills, and United Nations treaties in LATAM. These tools strengthen strategic decision-making and communication with key partners.

TWO INDUSTRY EVENTS

One in-person and the other virtual, which brought together Industry, Sanitary, Sustainability and Trade authorities, as well as regional and international organizations: **XXXIII Plenary Meeting in Santiago, Chile, from June 24 to 27; and the CASIC Virtual Week, from November 18 to 22.**

June 2024 – In-Person Plenary Meeting, CASIC 25th Anniversary Celebration and Ordinary General Assembly

27 speakers | +100 participants | 15 countries.

CASIC and the Chilean Chamber of the Cosmetic Industry held key meetings with Chilean authorities to strengthen public-private communication, exchange experiences and coordinate efforts.

The XXXIII Plenary Meeting was attended by key sanitary, sustainability and trade authorities, such as SUBREI, SERNAC, ISP, CNC, MINSAL and DIPOL, international speakers such as Euromonitor, several Chambers of Industry, including SOFOFA of Chile, ICCS - as a platform for international cooperation for the elimination of animal testing, IKW Germany, as well as Cosmetics Europe and PCPC.

nating animal testing, and the adoption of a scienti

fic approach within the cosmetics industry.

This was also occasion for the celebration of CASIC's 25th Anniversary with the presentation of plaques of recognition to CASIC and the Chilean Chamber of the Cosmetic Industry for its 85th Anniversary.

The discussion addressed several key trends: the sustainability-focused refill model, the use of electronic labeling as an innovative communication method with consumers, the commitment to elimi-

Chamber of the Cosmetic Industry for its 85th Anniversary.

The conference with Authorities highlighted regulatory cooperation as key to trade facilitation and competitiveness in the region, displaying the impact of technical measures on regulations in LATAM, with the participation of the Inter-American Development Bank.

New presidents and vice-presidents of CASIC Commissions 2024-2026

The General Ordinary Assembly of CASIC took place on Tuesday, June 25. During the assembly, elections were held for the positions of Presidents and Vice-Presidents of the Council Commissions. The elected members are as follows:

REGULATORY AFFAIRS COMMITTEE:

President: *Andrés De La Torre*
Corporate Regulatory Affairs
Manager
BELCORP

Vice-president: *Victor Fontán*
Manager
CAPA

TRADE FACILITATION COMMISSION:

President: *Rosa María Sánchez*
General Director
CANIPEC

Vice-president: *Ricardo Nóbrega*
Foreign Trade Manager
ABIHPEC

SUSTAINABILITY COMMISSION:

President: *German Ortiz*
Environmental Senior Manager
BELCORP

Vice-president: *Andrea Bárcenas*
Regional Corporate Affairs &
Engagement Manager
L'OREÁL

CASIC

The CASIC Virtual Week had more than 440 participants and held a daily session over 5 days in which the following topics were addressed:

Self-Care Webinar.

New European Union Fragrance Allergen Regulation.

Non-Animal Testing Alternatives: Next Generation for Risk Assessment (NGRA).

Market and Trends for our Industries in Latin America.

Biodiversity - COP16 Commitments.

Virtual Week

EVENTS AND MEETINGS WITH AUTHORITIES

FEBRUARY 16

Meeting with Health Authorities of Nicaragua and Honduras: First CASIC-CACECOS approach with Health Authorities of El Salvador and Honduras.

2nd Day of Exchange of Experiences

JUN 19

FEBRUARY 28

Training session for the Health Authority of Ecuador – ARCSA: Regulation of cosmetic products in the Andean Community. Exclusive session for officials recently incorporated in ARCSA.

MARCH 21

Day of Exchange of Experiences between Authorities and Scientific Experts on Cosmetic Products:

Training on where a cosmetic product can act (skin layers), borderline claims and use of complementary labels

MAY 24

Participation in a meeting with the **Ministry of Health of Costa Rica and the Central American and Caribbean Chamber of Cosmetics and Cleaning Products (CACECOS)** on the microplastics bill. **between Authorities and Scientific Experts on Cosmetic Products with the Health and Commercial Authorities of the four countries of the Andean Community:** Presentation by Dr. Karl Lintner on the level of absorption or penetration of cosmetic products and borderline claims.

AUGUST 31

Meeting with the Ministry of Commerce in Colombia, accompaniment to ANDI and new Delegate for Negotiations in the Regulation Directorate.

SEPTEMBER 6

Meeting with the Bolivian State Agency for Medicines and Health Technologies (AGEMED). CASIC held a meeting with the

Bolivian State Agency of Medicines and Health Technologies (AGEMED) on issues of high relevance to the industry, such as the Andean negotiations on generic names and cosmetic claims.

SEPTEMBER 10

Meeting with the Ministry of Health of Costa Rica. The Caribbean Chamber of Cosmetics and Cleaning Products (CACECOS) was accompanied in a meeting on Central American Technical Regulations (RTCA) for the Labeling of cosmetic products with the Peruvian Health Ministry (MINSA).

SEPTEMBER 26

Meeting with the Undersecretary of Development of the Free Trade Area of the Latin American Integration Association (ALADI). Meeting with the ALADI team coordinating the negotiation between 9 countries of the Region on a Regulatory Cooperation Agreement - Elimination of Technical Barriers to Trade for the Cosmetics Industry, as proposed by our industry, carried out through CASIC since 2018. Follow-up on issues and support from the sector for the negotiations.

DECEMBER 3

Sustainability Commission to Costa Rica – Microplastics Project:

CASIC accompanied the Central American and Caribbean Chamber of Cosmetics and Cleaning Products (CACECOS) in a series of meetings held in Costa Rica. During these meetings key issues for our industries were discussed with the Costa Rican Chamber of Exporters (CADEXCO), members of the

Congress and the Costa Rican Plastic Industry Association (ACIPLAS).

INTERNAL DEVELOPMENT

Entry of new members

REVLON

ESTÉE
LAUDER
COMPANIES

Vantage

Working committees:

CASIC continues to focus its efforts on three main committees, which bring together more than 300 participants: Trade Facilitation, Sanitary Regulatory Affairs and Sustainability. Working groups and subcommittees address key strategic issues, with the objective of promoting best practices in the region.

01- Trade Facilitation Committee.

02- Health Regulatory Affairs Committee: *Health Regulatory Affairs Subcommittees and Workgroups*

- Subcommittee on Ingredients
- Subcommittee on Sunscreens
- Subcommittee on No Animal Testing (NAT)
- **Workgroup:** Market Control
- **Workgroup:** Products with Action on Microorganisms

03- Sustainability Committee *Workgroups on Sustainability:*

- **Workgroup:** Microplastics
- **Workgroup:** Single-Use Plastics, Extended Producer Responsibility (EPR) and PCR
- **Workgroup:** EcoBeauty Score
- **Workgroup:** Look Good, Feel Better
- **New - Workgroup:** Biodiversity

Regional Subcommittee (Transversa)

- Andean Community Subcommittee
- Central America Subcommittee
- Mercosur Subcommittee
- Pacific Alliance Subcommittee
- **Workgroup:** Electronic Labeling
- **Workgroup:** Market Intelligence
- **Workgroup:** Personal Hygiene

In terms of internal development and the institutional development process, during 2024, 3 new partners joined CASIC: Revlon, Estee Lauder, and Vantage.

Participation in Global Industry Forums

International

Collaboration

International Association Collaboration (Cosmetics and Personal Care Industry):

Participation in this Global Forum allows the cosmetics industry in the Region to be kept informed about the progress and regulatory developments at the global level and to contribute to the positioning of Latam within the framework of global positioning discussions. Some of the main groups in which we participate are:

Association

International Network of Cleaning Product Associations (Home Care Industry): CASIC also actively participated in the meetings of the Global Forum of Home Care Industry Associations, sharing and learning from information on the evolving regulatory framework and trends in other regions of the world for this industry.

EcoBeauty Score:

The global initiative advances the development of a common environmental impact scoring system

for cosmetic products, with the aim of empowering consumers to make more informed purchasing decisions. This year, a public consultation was held to share the principles and methodologies established.

•

the approval of the document **Principles for its**

standards.

ame from Consortium to Advocacy
significant Labelling in the Cosmetic
of Care Industry, consolidating its strategic a
of global industry companies to calculate the
environmental footprint of their
products, marking a key step towards its

International Collaboration on Cosmetics Safety: CASIC leads the ICCS LATAM Breakout Group, fulfilling the work plan and support proposed to ICCS for 2024: ICCS participation in the CASIC Plenary Meeting, holding a training event for the industry (CASIC Virtual Week) and supporting the development of the V Colama held in September 2024 in Bogotá, Colombia.

SECTORAL

TRAINING

Throughout 2024, CASIC continued to provide specialized training to its members. **Five webinars and one workshop** were organized on topics relevant to the sector, in collaboration with recognized experts.

January 22

Synthetic Polymer Microparticles Webinar

53 participants

Webinar on the European regulation of synthetic polymer microparticles. With the participation of BASF, IFRA, and GIVAUDAN.

May 21

Ecotoxicity Webinar

54 participants

For CASIC members, with Melanie Gross - Senior Manager Ecotoxicology at Coty. With concepts of ecotoxicity, hazard and risk assessment, and examples for our industries.

July 18

PCR Webinar

20 participants

Online seminar on technical guidelines for cosmetic-grade recycled resin. Experts from Braskem Mexico provided explanations of the process for obtaining recycled resin and its application in packaging within our industries.

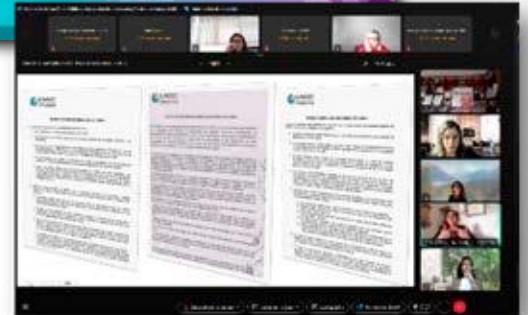

September 11

Socialization of Policies, Industry Statement and CASIC Positions Webinar, with training on the Code of Ethics

70 participants

With 70 partner representatives in attendance, the webinar aimed to ensure that everyone is aware of and has access to CASIC's key policies, industry statement and positions.

The session included specific training on the Code of Ethics, reaffirming CASIC's commitment to industry best practices.

October 24

Euromonitor Webinar: Status and Progress of the Cosmetics and Toiletries Markets in Latin America

127 participants

With an attendance of 127 participants, CASIC partners and partners of our chamber partners, Euromonitor shared an analysis of current trends and growth projections for the cosmetics and grooming markets in Latin America.

December 3

MoCRA 30 participants

Virtual Workshop on **Modernization of Cosmetic Regulation in the United States (MoCRA)**. This event brought together industry experts to discuss the new regulatory requirements and their impact on the industry.

SUPPORT TO THE COUNTRY AND SUBREGIONAL AGENDA

05

Added Value by Country

Added Value by Sub-Region

PACIFIC ALLIANCE

Industry Statement: No opening of the Technical Annexes on Cosmetics.

CENTRAL AMERICA AND THE CARIBBEAN

Request and defense of the industry's proposal regarding the inclusion of exceptions for expiration dates in the RTCA labeling of cosmetic products. Meeting with the Ministry of Health of Costa Rica.

Comments on the draft under review of RTCA 71.03.45:07 – Cosmetic products. Quality verification.

ANDEAN COMMUNITY

2 Experience Exchange Sessions between Authorities and Scientific Experts on Cosmetic Products.

Comments on WTO Public Consultation: Amendment of Andean Decision 706.

Over 10 Statements: Interpretations for the implementation of Res. 2310, prioritization of negotiation rounds, stability studies, cosmetic claims and sticker use, generic denomination, extension of the RTA entry into force for cosmetic product labeling, "cosmeceutical" products, proposal on test report requirements for the draft RT on PHD with disinfectant action, and extension of the entry into force of Res. 2310.

Participation in **over 5 Negotiation Rounds**, with exclusive sessions to review industry statements.

MERCOSUR

Comments on Public Consultations in Argentina, Uruguay, and Paraguay regarding:

- P. RES. No. 03/24: **List of substances** that personal hygiene products, cosmetics, and perfumes must not contain, **except under specific conditions and restrictions**.
- P. RES. No. 04/24: "Amendment of GMC Resolution No. 62/14. List of substances that cannot be used in personal hygiene products, cosmetics, and perfumes."

Industry Proposal with "Criteria and mechanism for updating Mercosur lists of substances in personal hygiene products, cosmetics, and perfumes" (Update of GMC Resolution No. 51/08).

Comments on Public Consultations in **Paraguay** (internal) and **Brazil** (WTO) regarding the Draft update of GMC Resolution No. 47/07 "**Cleaning and Related Products**".

Comments in support of CAEDHPA on the draft amendment of GMC Resolution No. 50/06 "MERCOSUR Technical Regulation for **Antimicrobial Action Products**."

BRAZIL-CHILE AGREEMENT

New regulations published in 2024

Mercosur

No update or new Mercosur regulation was published in 2024 by the Subcommittee on Cosmetics or the Subcommittee on Home Care Products.

Facilitation Initiative in the Cosmetics
Sector.

CASIC welcomes this initiative,
promoted by the Brazilian Association of
the Cosmetics, Toiletry and Fragrance
Industry (ABIHPEC) and the Chamber of
the Cosmetic Industry of Chile, which
also took as its starting point the
BUSINESS PACT on regulatory
convergence between the Chambers of
the Region, developed and agreed within
the framework of CASIC.

RELEVANT DOCUMENTS
IN SUPPORT OF OUR INDUSTRY
ADVOCACY:

New Advancements in Strategic Industry Positioning and Tools:

This year saw the approval of three key industry positions.

- 1- The first, focused on Single-Use Plastics synthetic polymer Protocol, strategies to eliminate, reaffirming the strengthening the reduce, select, and commitment to resilience and response progressively manage sustainability and capacity of the sector. these materials.
- 2- The second addresses international best practices.
- 3- The third establishes a

CASIC also continued to be a source of relevant information for its members, with the development and updating of the following documents and databases:

Sanitary Regulations Update:

Mapping of costs and registration/notification times; Mapping of new registration/notification requirements (June); Mapping of labelling requirements by sub-region; Mapping of current regulations by category country; Mapping of ingredients; Mapping of allergen labelling (International and LATAM); Mapping of sunscreen regulations (International & LATAM)

Sustainability Regulatory Update: New Tools and Sections:

The regulatory archive now includes vital new sections. These include a comprehensive mapping of current regulations and sustainability-related bills, complete with visualizations and categorized by country and topic. requirements (International and LATAM)

CASIC'S PARTICIPATION IN REGIONAL AND INTERNATIONAL EVENTS:

07

STRENGTHENING COMMUNICATION WITH MEMBERS, INTERNATIONAL INDUSTRY AND MULTILATERAL INSTITUTIONS.

January

23-25

Participation in the Cosmopack event at Cosmoprof North America, where updates on the Latin American region were provided.

29-30-31

Participation in the International Networking of Cleaning Products Associations Forum, INCPA and celebration of its 20th anniversary, and in the Annual Meeting of the American Cleaning Institute, Sister Association of the Home Care Industry in the United States. This exchange allows us to better understand the developments and trends for the international industry, such as: sustainability, recycling, artificial intelligence, regulatory updates, among others. Participation in conjunction with Partner Chambers: the ANDI Chamber of Cosmetics and Cleaning, the National Business Association of Colombia (ANDI), the National Chamber of the Cosmetic Industry (CANIPEC) and PROCOSMÉTICOS Ecuador:

February

26-28

Participation in the annual meeting of the Personal Care Products Council PCPC, Sister Association of the Cosmetics and Personal Care Industry, and in the in-person meeting of the IAC - International Association Collaboration. This exchange allows to better understand the events and trends for the international industry, in terms of regulatory updating and to participate in the various groups of the IAC:

We extend our deepest gratitude to all our members for their tireless effort and commitment during 2024 and during CASIC's first 25 years. This year has been a testament to the positive impact we make when we join forces. Looking ahead to 2025, we are prepared to face the challenges ahead, confident that the key to success lies in strengthening our regional collaboration. Thank you for being a fundamental part of this shared mission!

Thanks to all our partners!
